Refresh

Simple Cost Effective Ideas

A Homeknack.com Guide

NEW LIGHTING

Lighting adds great ambiance to any room. Filling the open space with larger lighting helps with the aesthetically pleasing flow of the space. Edison Lighting and Soft lighting are great for lasting ambiance.

IMPORTANCE OF GOOD LIGHTING

Good lighting is vital because it generates a positive functioning element to the room. If you entertain people in your living, dining, or kitchen areas, lighting is important. Standing Pole Lights, Table lighting, decorative light fixtures, and chandeliers are some of the different types that you can change to refresh your home.

SHELVING & DECOR'

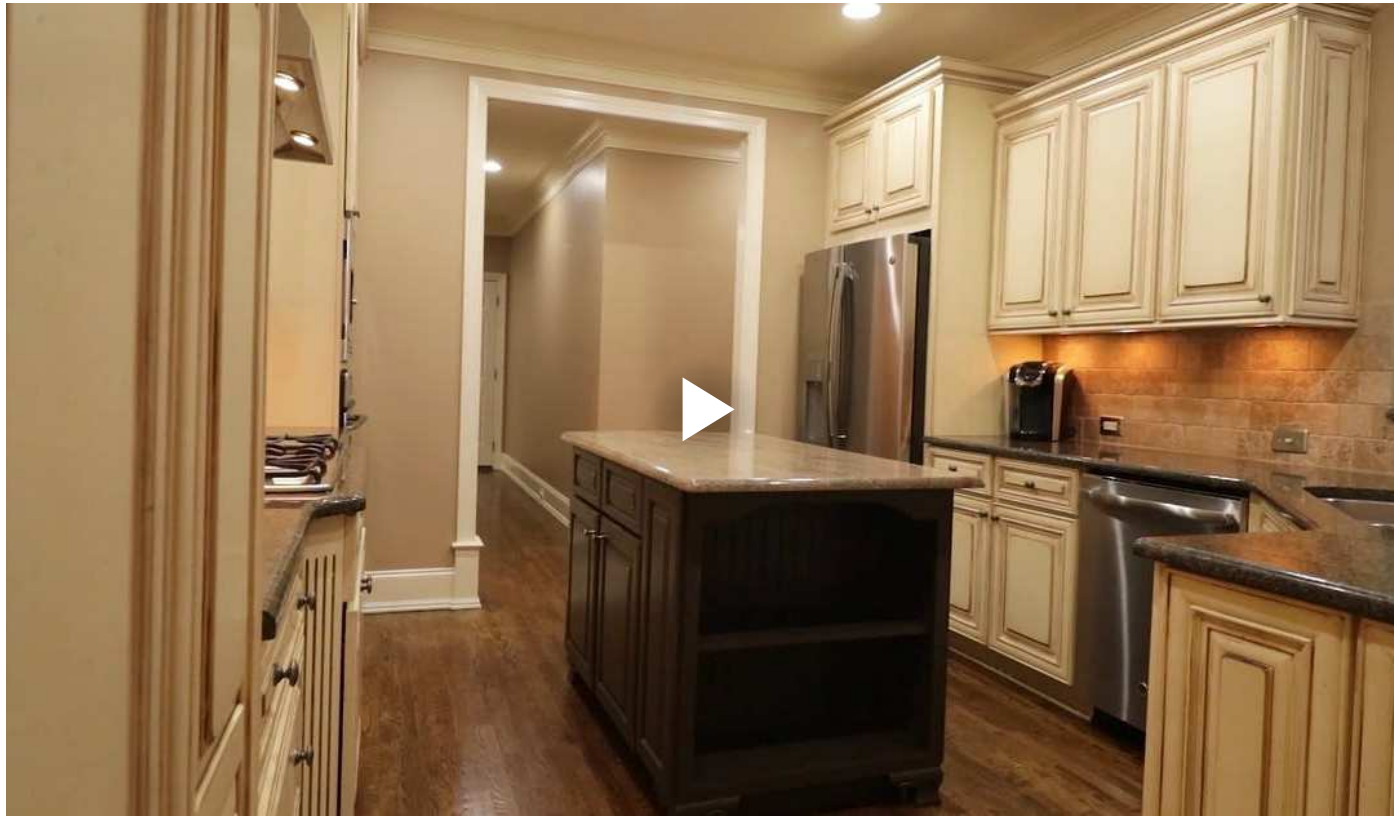

Buffalo Drawing

Shelving is a great wall decor' and space generator for your books, artwork, and knacks. With shelving, you can add depth to your walls by the type of shelves you install. There are many types of shelves. We like the hidden mounting shelves that have larger face for uniqueness. Find shelves that add character and depth for placing your special items.

Your kitchen is one of the most beautiful places you have in your home.

YOUR KITCHEN BUT BETTER

Many kitchens are the hubs for families and friends. This is important because it provides a sense of connection and community. Food is what we all need for survival and nutrition. The other side of food is the fellowship and enjoyment that comes with preparation, cooking, and eating with someone. Your kitchen is like a sanctuary for many things besides the dread of having to cook.

Be inspired by the fact that food does not have to be a difficult element to prepare or learn facets of cooking with. It can be used for many things that make your home a blessing to others.

GENERATING MORE SPACE

There are many layout designs for kitchens. Whether you live in a house, condo, or apartment, there are many variables to your kitchen's use. Storage! Storage is considered one of the most important keys to any functioning kitchen. Without space for prepping, seasoning, cutting, and planning, your kitchen will not be as functional. Many kitchens have only enough space for small items as counter spaces are limited. Use small canisters, cookware, and decor for smaller spaced kitchens. Add a little color to the appliances such as a toaster, lid carrier, or microwave. This will help bring accents to your backsplash areas.

FURNITURE & STORAGE

W o o d F u r n i t u r e

Wood Furniture

There are many styles of furniture that seem to gravitate towards the latest trends. Wood furniture with a retro, contemporary retro, and modern looks offer a lasting yet timeless element to your living space. If you are looking for a piece that you want to refurbish, this is a great way to save money and enjoy the restoration process of furniture.

Wood furniture does not have to be expensive. There are many solid wood products that have a high quality to the piece that offer long lasting use.

End tables, center tables, entry cabinets with table top like features, shelving cabinets, desks, and many more.

Storage is essential

There are simple ways to store your nick knacks, books, paper, supplies, and other materials. We suggest using constructed shelving cabinets with openings for baskets.

The nifty baskets allow you to store multiple type of items while providing a glimpse into each through the handle opening.

Also, baskets are light weight, durable, and rearrangeable.

This system is great for kids' rooms, bedrooms, laundry areas, and bathrooms as well.

Adding storage truly refreshes your home.

WALL SPACE & ARTWORK

Artwork is a great way to foster color, design, and trends on your walls.

Your wall space is important because it provides a story about you and the things that are important to you.

Wall spaces are also great for decor' ladders that lean against it with books and basket storage.

Artwork is a great way to enhance the look of your room and add depth to your living space. Choose colors and designs that are unique while meshing with your wall paint and trim design.

Pillows & Soft Blankets

Relaxation and solitude are two important aspects when it comes to your living area. Soft pillows and blankets can refresh the look of your living space immediately while adding design and color to your space.

We rotate our pillows and blankets often as the different seasons come and go. This helps refresh your living space in an affordable way while keeping the integrity of your design.

Painting Walls

One of the most affordable ways to refresh your home space is painting your walls a new color.

This idea is not new but seems to be forgotten as other decorating techniques take place.

One of the coolest things about painting your walls is that if you choose neutral colors and a bold or semi-bold lasting color, you can use this as a backdrop for all of your room updating ideas.

Many of these include shelving, pillows, rugs, artwork, lighting, furniture, and much more.

Layering Effect

The layering effect is where you base all of your decor' and design off of the newly painted walls or accent wall. Layering is what comes next from the wall or on the wall, then furniture, then rug etc. This is a top-down effect. For instance you paint your wall light gray color.

You add shelving that is white or creamy white with items on the shelves that stand out nicely. Then below the shelves are a book case or furniture piece. This has a lamp that blends with the wall or furniture. Then you have pillows, blankets, books, and plants. Then the area rug if needed.
